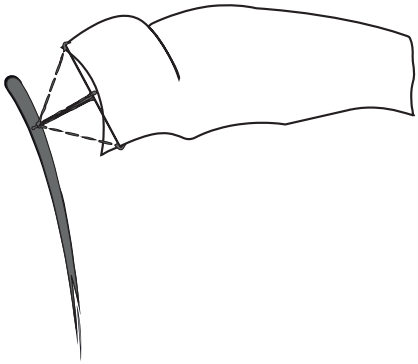
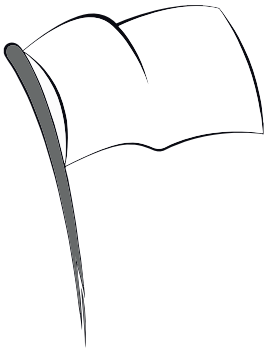
International Learn to Swim Week

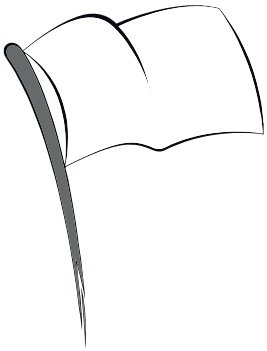
COLOUR IN THE BEACH FLAGS



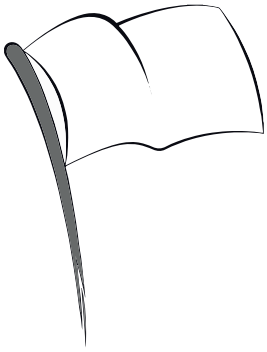
Shows the direction of wind. Off shore winds can sweep you out to sea and make it difficult to return to shore.



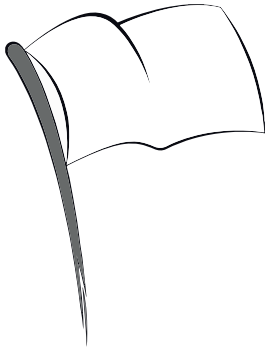
Danger, no swimming.



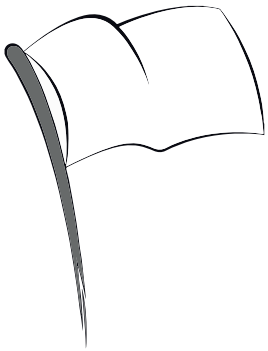
Lifeguard on duty – always swim between the flags.



Safe for boats and water crafts only. No Swimming.



Dangerous marine life has been spotted e.g. sharks, jellyfish etc.



The water is calm. This doesn't make the water safe; you must still be careful and look for areas where a lifeguard is present.
